Please note that this list can change from time to time.

Insofar as question no. 3 is concerned (average number of employees in relation to scope of project), I cannot give you details as I have very scanty information on the project itself. If I am given more exhaustive information, I would be more than happy to assist.

Average number of employees in relation to scope of project:

- 3 FTE pharmacists
- 2 clerks
- 2 pharmacy technicians
- 1 Supplies officer
- 1 clerk

RKGH

Ward	Patient Total	Average Stay	Median Stay
RW1	31	65	39
RW2	31	65	39
RW3	31	65	39
RW4	31	65	39
RW5	31	65	39
RW6	28	65	39
RW7	31	65	39
RW8	28	65	39
RW9	28	65	39

Average number of employees in relation to scope of project:

Currently we have five employees involved in the distribution of drugs and medical devices to the wards in RHKG.

**SVPR:**
